

To all members who play Indoor Bowls or those who had thought they would give it a try this season, VIBBA (the Bowls Vic of Indoor) has put out a directive that there is to be no inter group, no inter club, no pennant, and NO SOCIAL BOWLS.

The fact that we all use the same sets of bowls and that we can't really "social distance " at Indoor makes this decision totally understandable. See you all at Indoor next season.
